Our education driven team of developers and tutors are committed to providing exceptional online courses and unlimited tutor support. We offer a range of employer recognised courses as well as specialist courses to improve job performance. Our focus is on mentoring, inspiring and supporting people through training so their career or business can reap the rewards. Course delivery is flexible, so our students can study with minimal disruption to their daily life. Plus, we offer affordable payment plans so anyone wanting to learn has the opportunity no matter their circumstances Certificate of Achievement Certificate of Achievement You'll gain special access to MedTech when you complete any of our medical courses. MedTech provides software solutions for the healthcare environment enabling health professionals to efficiently manage their patients. The Career Academy is a MedTech Partner; so you'll be provided with access to their software, plus updated course content, and the latest MedTech functions, tips and tricks Getting access and upskilling in MedTech means you'll be one step ahead of others in the profession. We've teamed up with Topsy, the world's fastest-growing hospitality training platform, to help students gain skills and employment fast. With access to over 450 short video lessons, Topsy equips students with practical skills in business, people management, and specialist culinary areas. This partnership supports students in gaining globally recognised qualifications and preparing for careers in the hospitality industry, which is set to grow from 292 million jobs to 380 million by 2027. Topsy's CEO highlights the organization's commitment to empowering students at The Career Academy to gain globally recognized qualifications in hospitality. By partnering with Topsy, individuals can kickstart their careers and develop valuable skills through upskilling programs. The Career Academy boasts connections with Xero, offering courses that incorporate this industry-leading software. Successful course completion earns official certification from Xero. Furthermore, the platform provides adaptable content for educators and other professionals to support students' career development.
