© 2025 Steambase VR Only Includes 10 items: Includes 10 items: Moss, I Expect You To Die, SUPERHOT VR, Five Nights at Freddy's: Help Wanted, Swordsman VR, Walkabout Mini Golf VR, No More Rainbows, The Last Clockwinder, Gorilla Tag, DemeoShow less... Show more Add to Account Reject Humanity. Run, climb, and jump in VR using a unique locomotion method that only needs the movement of your hands and arms. No buttons, no sticks, no teleportation. Push off of surfaces to jump and squeeze them with both hands to climb. There are four different game modes - From simple Tag, for up to 3 players, or infection mode, with 4 or more. The Hunt game mode gives you a unique personal target to chase down. Paintbrawl is a team vs. team paintball battle using slingshots. Run from the other gorillas, or outmaneuver the survivors to catch them. Parkour up trees and cliff faces to evade and chase monke down. Hang out in a virtual jungle with randos or group up in a private room with friends to hang out and play. The stakes are low, so feel free to just chat or make up your own games. The movement is easy to learn, and hard to master. Crossplay with the PC versions of the game, so play with anyone on any platform. There are six different levels to explore. Each with their own topography that form routes and obstacles to play on. Visit our store in the City, with a rotating inventory of items to buy, play with, and wear to express your true monke. Become Gorilla. With purchase, receive 5,000 Shiny Rocks FREE (a \$20 value!) Mod and Fan Content Policy details at gorillatagvr.com/gorillatagvr-mod-policy/ Minimum:Requires a 64-bit processor and operating systemOS: Windows 10Processor: Intel Core i5-4590 / AMD FX 8350Memory: 4 GB RAMGraphics: NVIDIA GTX 970 / AMD Radeon R9 290Network: Broadband Internet connectionStorage: 140 MB available spaceSound Card: n/aVR Support: SteamVR or Oculus PCAdditional Notes: This runs on a Quest, so it should probably run on any reasonable computer that can run Oculus or SteamVR at all that isn't literally a toaster Recommended:Requires a 64-bit processor and operating system What are Parent-Managed Meta Accounts?If a child self-identifies or is identified by Meta as being between 10-12 years of age (a "Child" or "Children"), their parent or legal guardian may create and manage a Parent-Managed Meta Account. We do not administer Parent-Managed Meta Accounts. For more information on creating and managing an account for a Child, please review Meta's education hub at . Note that Meta does not support Parent-Managed Meta Accounts for children under the age of 10 or Quest 1 and Rift players. Children under the age of 10 cannot play Gorilla Tag, and Quest 1 and Rift players must be at least 13 years old to play Gorilla Tag. Once a parent or legal guardian creates a Parent-Managed Meta Account, they may manage certain gameplay settings for their Child. Can I play Gorilla Tag with my Child?Yes, in some circumstances. If you are playing with your Child in the same house or you communicate with them outside of the game, they can share a room code with you so you can join them using the Gorilla Tag computer. Children cannot, however, join a private lobby using your room code. Can my Child communicate with other players?Children are automatically restricted from communicating with or otherwise making their personal information publicly available to other players. When your Child tries to communicate with other players using voice chat, only monkey noises will be heard by other players. No voice data of your Child is transmitted. Can my Child turn off hearing other players' monkey noises? No. You cannot disable this safety feature for Children. My Child doesn't want to be called 'GORILLA1234', how can they change it?To maintain anonymity and prevent the sharing of personal information, Children are assigned randomly-generated name badges, such as 'GORILLA1234'. Your Child can't see other players' names either, as they are displayed in the same format. However, they can still see cosmetics, colors, or skins.Why can't my Child type using the Gorilla Tag computer?Children can't read text chat or send text messages in the game, but they can still enjoy playing with others!Why can't I buy or gift Shiny Rocks for my Child to spend?Children are automatically restricted from purchasing in-game items using real currency. Your Child will still receive free Daily Shiny Rocks. Please check out your Child's ATM to see their free Daily Shiny Rock balance.Please discuss these features with your preteen children to help them understand why these protections are important. Thank you for joining us as we create a safe and fun gaming environment for all Gorilla Tag players. © 2025 Steambase The Quest version is free, the PC version (from Meta or Steam) used to be free, but now costs money. According to the developers, the PC version had too many cheaters, so they added a \$20 price to discourage them. It not only makes you want to explore, it encourages you to be social.“ While the base game is free, you can also purchase the Gorilla Tag launch bundle for \$19.99 USD, which includes: 10,000 Shiny Rocks (a 2x value) Special Launch Day Hat. Become Gorilla. With purchase, receive 5,000 Shiny Rocks FREE (a \$20 value!) How To Play Gorilla Tag Without VR On PC - The Monke Mod Manager. The first step in playing Gorilla Tag without VR is downloading and installing the Monke Mod Manager. It's a great application that you can use on your PC to install Gorilla tag mods, and you'll need it to play Gorilla Tag with no VR headset. The Quest version is free, the PC version (from Meta or Steam) used to be free, but now costs money. According to the developers, the PC version had too many cheaters, so they added a \$20 price to discourage them. You do get \$20 worth of in-game currency though. Why is Gorilla Tag so fun? The first skill that you will want to master is the ability to move around with your hands. The joysticks on your controllers won't do anything, and that's the secret behind what makes Gorilla Tag so much fun. You don't use joysticks to slide in the direction you want to move. You use your hands. What is Gorilla Tag free on? Gorilla Tag | Free on Oculus Quest | Become Monke. Can you get free shiny rocks in Gorilla Tag? That's right, by just logging in to Gorilla Tag once a day you get 100 shiny rocks. You don't even need to go to the Gorilla Tag city map and hit a button anymore like you used to. Just playing the game often is how to get free shiny rocks in Gorilla Tag. Do you have to be 13 to play Gorilla Tag? If you want to use the Game, you must be the minimum age required by Meta® or Valve®, as applicable, for virtual reality games (e.g., 13 years of age in the United States) and must have a valid Steam or Meta account, as applicable (collectively, “Accounts,” and each, an “Account”). Is Among Us VR free? Among Us VR is available for \$9.99 USD on the Meta Quest 2, Meta Quest Pro, and SteamVR stores. Players can wishlist the game on PlayStation VR2. They also can add some flair to their Crewmate with a variety of Hat Packs available across headsets. Does Gorilla Tag give you muscle? The game requires players to use their arms to swing and climb through the jungle, which engages the muscles in the shoulders, back, and arms. This type of movement, known as compound exercises, works multiple muscle groups at once and is a great way to build strength and tone in the upper body. Why is it called Gorilla Tag? Player avatars are cartoonish facsimiles of gorillas — hence the name. There are currently four game modes, three of which feature tag or tag-like gameplay (the fourth is a casual mode for socializing). Video Player is loading. This is a modal window. Is Gorilla Tag a good game? Having only been on App Lab since March 2021, Gorilla Tag has already amassed 46,000 reviews; that's more than any other Quest app—even those on the main store—including Beat Saber's 45,000 reviews, which is perhaps VR's most well known game to date. Is Gorilla free to use? To make Gorilla as accessible as possible at any level of budget, use of the Gorilla software is free and we only charge for access to the data collected. In this way, anyone can sign up for an account and collaborate with another user - at no cost. Is Beat Saber free? People who purchase a new Meta Quest 2 from August 1, 2022 through December 31, 2022 and activate the device before January 31, 2023 using an account that does not already have Beat Saber enabled will be able to download Beat Saber at no additional cost for 14 days following activation. Is Roblox on Oculus quest? Search for Roblox in the Quest Store and install it from there. Make sure your Meta Quest device is up to date (Roblox requires v55 of Meta Quest software.) Start Roblox on your Quest device. Sign in to your existing Roblox account\* using the Quick Log In option on your computer or phone. Is Bark mod menu legal? While Bark is designed to be safe to use in modded lobbies, it is important to note that using mods can result in a ban from the game. Use Bark at your own risk and only in modded lobbies. Do you lose your cosmetics when you get banned in Gorilla Tag? The best thing to do is go to the official gorilla tag discord and try to appeal. If they do not accept it then just create a new face book account and it will let you play. The only thing is you lose all cosmetics. Is game banana safe? Yes it is safe. Most of the time anyways. Tons of people use Gamebanana, it is absolutely safe. Share — copy and redistribute the material in any medium or format for any purpose, even commercially.
