How many episodes are in black butler season 2.

The action of Kuroshitsuji II takes place in England at the end of the 19th century, a year and three months after the dramatic final of the original series, where a new butler and a new owner appear. Sadist, but joyful, Alois Trancy has difficult times. At a young age, he was kidnapped and forced to work in the village as a slave. Little by little, he lost his parents, his best friend and all those he knew. In the end, ALOIS returned home and became the head of his succession, but since then, he seemed to behave strangely. What is even more interesting, he returned with Claude Faust, a mysterious and heartless butler with incomprehensible talent ... Sebastian Michael, a superior demon with an almost unlimited strength and style. Ciel is the remaining heir to the field of Phantomhive, who decided to reveal the truth about the death of his parents. Calling to take revenge on the side of Ciel, Sebastian concludes an agreement with the new heir to Phantomhive: obedience and service reveal the faces of the killers in exchange for the soul of heaven. Now that the owner and the butler, Ciel and Sebastian restore the Domaine Phantomhive to rent it in the service of the Crown, they are interested in the investigation into strange incidents, murders and intrigue by the will of His Majesty the Queen Victoria. The field is always controlled by the faithful staff of Ciel: Finnian, a young gardener with an incredible hidden force; Mei-Rin, a short-lived maid who hides a practical arsenal; Bardra, an incompetent American cook who can find flour more than one chemical application; And Tanaka, on-board agent. It is not known if someone knows in the manor, with the exception of Heaven, on the demonic forces / personality of Sebastian, but it seems that it does not matter. The cousin of Elizabeth's power, a bathing, ventilated and slightly forgotten wedding, also enters. A lover of all the roses and cute, engaged in heaven, Lady Elizabeth wants only to return a smile to the face of her dear cousin. Investigating a series of suspicious deaths in the city of London, the force calls the tomb, a mysterious figure that likes to sleep in the graves and demand prints in exchange for information. Along the way, they also meet the gods of death responsible for the collection of souls, in particular William, the boring chief of the distributor of the dark Renapers, and Grell Sutcliffe, a beautiful dark stage, which Sebastian loves as much as him. Through turns and turns, horror and imagination, the Phantomhive family fights for the queen. The country is to restore the good name of the Phantom family. In the meantime, Sebastian will attend to each of Ciel's summons in a cool, flashy, and elegant way. Because he's a hell of a butler, after all. Servant of Forlorn (あゝあゝあゝあゝnorth, are shitsuji, sekiryū) is the twelfth part of the first season of the Kuroshitsuji anime. Conclusion Elizabeth Midford recalls the past and says she wants to redo heaven. Then he moves his head in the same way as the Drossel puppet. in second placeManier. Chile and Sebastian Michael immediately joke until they feel Drossel music and music. Many dolls fell into the room. Sebastian notes that they are controlled by the song and start singing, stopping dolls and allowing them to be removed. They try to leave, but Drosslass tells them that Ciel is already the property of his owner because of his portable ring, because the fragment of hope is something that his master will give to those who will become his dolls. But Sebastian still leaves the sky. When they descend to the bridge, the wedge beats Sebastian, asking angrily asking if he did his job to solve the kidnapping case. However, Sebastian emphasizes that the most important thing is the contract, so he prefers heavenly safety compared to all the orders he should give. Then Sebastian shares that he has already searched for the entire major part of the villa, which means that Elizabeth must be in a closed tower just behind her. Burchis led Grelle to the tower, and his grabbing attracts the attention of Chile and Sebastian. Both the units and Grel Dive Sebastian, as well as the team to succeed, and Grelle finally knew that the team was a demon. Sebastian comments that only a demonic dog can open the seal on the door, whose team turns into a demonic dog. Inside the tower, they enter a small room and find Elizabeth. He asks if he liked his gift in heaven, and he heard the throttle voice again, manipulating the body of Elizabeth in the air and forcing it to attack the sky with an ax. Sebastian Salva Cielas and asks Grelle, whether he sees what he is doing but does not want help in worrying about the injury. But when Sebastian claims he is happy because Sebastian asks for his favor. Grelle cut the scissors and Sebastian points out that it was moved by doll wires. The courage takes them with lines, and Sebastian asks him what he does. Sebastian then hit the ax, releasing them from the ropes and striking him in his head. Therefore, Grelle reveals that a man -like man has Drossel Keinz and that his soul took over the sad collections five years ago. Sebastian hypothesized that someone used a temporary soul to revive his body. Elizabeth returns to the news and says he wants to organize a birthday party for the calves he accepts. Drossels says it's not over yet and he goes to report what happened to his master even if his filling fallsFrom his head. He leads them to where his owner is, and they conclude that Pluto is already subject to man. The master welcomes their apologies for the incompetence of the throttle. Getting angry with a man's remarks, Chile is going to attack him, but the "man" sitting in a chair is actually a soft toy, and it turns out that the doll speaks of a "man". After that, he begins to work, but Sebastian does not follow him, because there is no one who controls the doll. They leave the estate, and Grelle is trying to get a kiss from Sebastian, but he avoids. When he says that he will take revenge on the murder of Angela. Grelle runs out. In another place, Fred Ebberline studies the Ciel case and notes that he was 13 years old, but Arthur Randal says that Chile will not be happy on his birthday, which is upset by Fred. Randall also tells Fred that Chile is the guardian of the queen. The Fantomhew Paula and Elizabeth family celebrate the birthday of kilo, which includes hope for Christmas pudding. This pleases Elizabeth, saying that she can again find happiness. After Sebastian, the party said that the mansion used by the Dyuchel belonged to the Duke of Mandalaysk, the construction was completed, which meant that it was not related to the case. Outside, the escaped doll collides with the Angel Blanc, who repeats this, bothers her and stinks, throws her into the river below.
