I ordered my burger medium, and when it came out, it was almost not cooked enough to bind together. It overall did have good flavor. I did not like that you had to buy fries separately. If you want to be a sit-down restaurant, include the fries and the overpriced burgers. Will I come back? Probably? Will it be soon? Probably not. I have had way better burgers cheaper.KenLoveland1663 contributionsI'm a fan. The Bacon Cheeseburger On Steroids is mouth-wateringly good. Actually, all of the burgers on their menu look like they'd taste great. It's a good place to have a beer, too, just make sure you bring some coin - you're gonna need it.This review is the subjective opinion of a Tripadvisor member and not of Tripadvisor LLC. Our server, Jessica, made sure our drinks were always full and all of our orders were correct. The Amber Ale Queso was the perfect start to dinner- warm chips with housemade dip. Our server immediately turned one of their TVs to hockey for my husband, kept our beverages full, and was helpful picking an appetizer and meal since we were first time guests, the burgers were amazing! cooked to perfection, so juicy and flavorful!. We have already recommended them to 3 couples that we know will be in the area next month.Written February 24, 2020 This review is the subjective opinion of a Tripadvisor member and not of Tripadvisor LLC. The cheese potatoes were very soggy, the truffle potatoes nice with the onion rings. My advice is to eat the classic burger nothing better extravagant.The service was nice and polite. The drink menu has a lot of variety. Just what a bar should be. The waitstaff were welcoming and friendly. We need one of these here in north Texas. Sadly, the closest one is three hours away in Norman, Oklahoma.Written November 15, 2020 This review is the subjective opinion of a Tripadvisor member and not of Tripadvisor LLC.
