When Alex Blake joined the team I suddenly realised again that shes such a great character. I think shes my favourite short(er) period character that has been added to the show. Shes no drama, shes the moment, shes a carer. I just finished the last episode she was in and damn Im gonna miss her she was so sweet and honestly just a great add to the BAU team family. But I do very much understand her decision to leave and go live her happy life. Also can we agree that she and Spencer had such a special connection. I think we mostly speak of Spencers and Gideon or JJs connection. But the one with Blake is beautiful as well. Its even more proven in the last episode. Theres so much trust from the beginning in each other, almost like a big sister/mother situation. Yeah Im dreading to watch the next episode. So instead of watching it, I found myself here lol Go to unt For those who are unaware, you can download a free copy of the majority of textbooks via the link provided below. I used this and saved money by not having to purchase several textbooks I would have otherwise needed this semester. Link: Go to criminalminds r/criminalminds Im sure most people have probably seen that second picture with Reids hair from seasons 1-12, its been posted in here tons. Well there were certain seasons where the choice of picture bugged me and I didnt like that it was missing seasons 13-15, so I made a new one. I mostly just really wanted to share it since I spent several hours working on this. But I might as well ask: favorite Spencer haircut(s)? Principalmente quera compartirla porque le dediqu varias horas. Pero ya que estamos, cul(es) es/son su(s) corte(s) de pelo favorito(s) de Spencer? The best way to read Criminal by Ed Brubaker and Sean Phillips is in publication order. It's a huge intertwined world, which is unfolding to the readers in a specific way, bit by bit. But, if you want to re-read in order to follow all causal connections, you better try chronological order - this way it's easier to see characters' evolution and "generational shifts". So, if you up to this stuff, here are all Criminal stories (up to now) in chronological order and where to find them, whether in digital, singles, trades or deluxes (the best format). Added Teeg's Christmas Carol short story from Image! #9. Criminal Mastermind is an in-game award that upon completion, rewards you with \$12,000,000 \$GTA. In order to figure out how much of the Criminal Mastermind Challenge that you, your friends and others have done, you'll need a PC or phone. Make a Social Club account, and from this link, select the square with 3 lines in it to open the dropdown menu, select: Grand Theft Auto V > Accomplishments > Trophies > Awards, then select the dropdown menu that says "Victory", and finally scroll down and select Heists, which is 5 down from "Victory". Either go through all those steps, or use this link. From there, you're able to see the challenges needed for the Criminal Mastermind Challenge. IN ADDITION: If you haven't done the All in Order and Loyalty awards, those awards each give you \$1,000,000 and can, and will add up to your Mastermind reward, resulting in a total of \$12,000,000. Those awards have two same requirements as the Criminal Mastermind award. #CHALLENGE RULES / REQUIREMENTS (Tips below) Complete All Heists and Setups in Order: Fleeca Job Prison Break Humane Labs Series A Funding Pacific Standard. Complete All Heists and Setups with the same team. Complete every single heist and setup on Hard difficulty. (1) Complete All Heists and Setups without anybody in the team dying. If anyone dies while doing the Criminal Mastermind Challenge, all players in the heist will receive a pop-up message above the minimap, saying "The Criminal Mastermind Challenge has been failed". As for the Fleeca Job, since it's a 2 player only mission, your group of 4 will divide into two groups of 2. Players 1 & 2, Players 3 & 4 (which I will now call Group 1 & Group 2). You'll decide who goes into which group. Group 1 and Group 2 will do the Fleeca Job on Hard Mode, from the start of the first prep mission to the end of the Heist, without dying. Now, since every single other Heist in the game is a 4 player job, the four of you will continue with every other Heist in the order posted above. #TIPS (1) If ANYONE on the team ends up dying, the Challenge can be saved if EVERYONE Alt + F4's or closes the application AS SOON AS POSSIBLE (or before the end screen leaderboard shows up where you can Continue or Quick Restart), which force-closes the game and counts as if you never started the heist you failed on to begin with. On PS4, you can press the PLAYSTATION BUTTON, press OPTIONS, and CLOSE APPLICATION. on PS5, you can PRESS & HOLD the PLAYSTATION BUTTON, press OPTIONS, and CLOSE APPLICATION. DO NOT TRIP SKIP. This will automatically fail the challenge. Links to my other posts, which consist of guides, and other useful things I've found & posted. false Howdy there partners in criminal minds! Here is my irregular brain fart of a post. In this episode the team travels to Texas to investigate the murders of sex workers that seem to have religious ties. Damn. Here we go I guess.
