The tools are designed to be cool and entertain, but also help aspiring writers create a range of different media, including plots, lyrics for songs, poems, letters and names. Some generated content parodies existing styles and artists, whilst others are based on original structures. Our first generator, Song Lyrics Generator was launched in 2002 as a student magazine project. After it proved popular, we expanded to include plots, and the project grew from there. We're proud to see work we've helped you create pop up on blogs and in fun projects. We enjoy watching you read your creations on YouTube. We're currently developing a cool app based on our site. Automatic Poetry Generator - Random Poem Maker - Online Poetry Creator - Write a Poem - Poem Title Generator - Make Your Own Poem Free verse is poetry that does not rhyme or have a regular rhythm. However, it can be packed full of literary devices such as alliteration and onomatopoeia. Choose a subject and let our free verse generator help you explore related topics, find alliteration and create rich verse. Please keep your input family friendly. There are many great poem generators out there, but most take your exact words and fit them into rigid pre-written structures. Our tool uses the dictionary to find words related to your input, such as synonyms and commonly-paired adjectives, and writes a completely new poem. This means that your final poem typically contains dozens of words related to your topic, without having to input pages and pages of form fields. Free Verse generator has two steps, the first asks you about the overall theme of your poem. We quickly find a list of related nouns and step 2 gives you a chance to write your own descriptions for those nouns, or fill the poem with ones we've pre-selected. Quickly write a structure-free poem. free verse creator / structure-free poetry writer / verse generator / poems about life You may have heard that sonnets are tricky to write, and frankly, you'd be correct! There's syllable counting, rhyming and getting the right number of lines... Let us make it easy for you to write a sonnet in seconds. Choose a subject, enter a few adjectives and let us take care of the rest. Eat your heart out William Shakespeare! Please keep your input family friendly. Very few online sonnet generators allow you to enter your own words for use in the poem. This is because sonnets use a very rigid structure, making it hard for web developers to incorporate the infinite possibilities that users might input. Although random poetry made up of existing lines usually generates perfect iambic pentameter, the possibilities are fairly limited. Our sonnet generator lets you input your own words and, if we can't make them work in the sonnet format, we access the dictionary to find synonyms that do fit. We have also taken the daring step of letting a computer choose some of the rhymes - this often generates surprising results. Quickly write a sonnet.sonnet creator / Shakespearan verse writer / love sonnet / sonnet template Write an entire poem for somebody special by describing them in a few simple words. The personalised, rhyming results will be packed full with similes and computer-generated imagery. Please keep your input family friendly. Our love poem generator brings the traditional 'Roses Are Red' poem structure to life using adjectives chosen by you, combined with auto-generated similes and metaphors. Sometimes our robot gets the imagery spot on, at other times, the ideas are somewhat more abstract. You can either use our poems as they are, or copy them to a word processor and tweak to perfection. Each poem consists of multiple verses and a consistent rhyming structure. There is a random element, so until you save your poem, refreshing the page usually results in a new variation. Quickly write a rhyming love poem.Romantic poem creator / random love poem maker / write a love poem Rhyming couplets are pairs of lines that both end with words that rhyme with the other. Enter a few words and our couplet generator will find words for you and finish sentences, using an extensive rhyming database. Please keep your input family friendly. Most rhyming poem generators only allow users to choose words that exist inside each line, meaning that line endings are fixed. These types of generator typically produce very pleasing, flowing poetry. However, results of such generators are limited, and aren't useful if you're trying to find rhymes for particular words. Our rhyming couplet generator uses a dictionary to lookup rhymes for your input on the fly, meaning that your verses can end with your input. These poems aren't always as elegant as those with fixed line ending and having a computer generate your rhymes often creates surprising results, but this technique is particularly versatile, especially as you can refresh until you're happy with the randomly selected choices. Quickly write a poem with rhyming couplets. rhyming couplets creator / rhyming poem writer / couplets that rhyme / rhyming sentence generator A Haiku is a short Japanese poem used to evoke images. Our Haiku generator lets you choose a few words then it automatically counts the syllables and brings in synonyms where necessary, to help fit the 5-7-5 poetic style. Please keep your input family friendly. We found lots of brilliant haiku tools online but not many worked well with user input. The brief and rigid Haiku structure makes it difficult to work with the infinite possibilities people might input. However, our Haiku writer is designed with your input in mind. When our robot can't fit words to the required structure, it uses the dictionary to search for synonyms that do fit. Admittedly, there are limitations, for example if uncommon words or words with atypical pronunciations are used, but we find that our automatic generator works well for most needs. Quickly write a Japanese haiku poem. haiku creator / Japanese poem writer / haiku generator / short poem Please keep your input family friendly. Our quick generator doesn't waste time looking up rhymes and synonyms, or doing any of the other word-crunching that goes on elsewhere on our site. This tool is designed especially for the impatient, the rushed and ultra-lazy. We've limited the number of keywords we ask for, allowing you to click and create.
