He starts the class by reminding his students that while their hero licenses are provisional, they still have to act like heroes in an official capacity. He intends to push them harder to reflect the responsibility. As an emergency alarm blares throughout the classroom, Class 1-A has given a training mission to fight hypothetical villains. The class arrives at Ground Beta and notices that a smoke come out, following in the distance. It is revealed that Nejire and Tamaki of the Big Three are posing as villains while Mirio plays a civilian in distress. The Class 1-A students have successfully completed the drill after defeating the villains and rescue a civilian, although Bakugo is angry because he thinks Suneater went easy on him. Eraser Head asks a Mini Transport Robot to take Bakugo to the faculty lounge. Recovering from his injuries after the battle against the High-End Nomu, Endeavor thinks back to his encounter with the villain Dabi. Meanwhile, Hawks meets Dabi at an isolated warehouse to discuss some unknown business. Note: Due to the COVID-19 pandemic, Funimation added a disclaimer at the beginning of each episode stating that the English dub voice actors were able to record their lines from their homes to increase their safety. That night, Dabi and Hawks criticize each other for having changed the plan and that it'll be some time before the latter can meet Shigaraki. Determined to make the world a place for heroes to have some free time, Hawks remembers the Hero Public Safety Commission's request to join the League of Villains to take them down from the inside. Back in present, Hawks visits Endeavor in the hospital and silently apologizes to him. In the next day, Endeavor checks out the hospital with Hawks tagging along. After the conversation between the two heroes, both eventually reach a train station, to which they say their goodbyes and go their separate ways. Endeavor went home and realizes that he can't seek forgiveness from his family and instead needs to atone for his wrongdoings. Natsuo was upset and questions him about everything he did to his family over the years. Natsuo leaves afterwards. After a physically draining day, Midoriya dreams of the day that One For All was created and meets the original holder. The first user approaches him and says that he wants to show Izuku more of the past, but notes he isn't strong enough to handle it. Then they reach out and touch hands, with the latter telling him it will be fine, and that he's not alone. 913"Clash! Class A vs. Class B!"Transcription: "Gekitotsu! Later that day, Class 1-A and 1-B meet at Field Gamma for their first Joint Training Battle. Both classes (along with Hitoshi Shinsō from General Studies) are to pair up into groups of 4 vs 4 matches that is commented by Class 1-B's teacher Vlad King. Eraser Head and Vlad King announces the teams, and Shinsō chooses to participate in the first match as a part of Class 1-A's team and fifth match as part of 1-B's. Ochaco points out that it was a rematch between Midoriya and Shinsō since they were opponents in the sports festival, something that Izuku is looking forward to. All Might and Midnight arrive to watch the competition. Midnight asks him who he thinks will win, and All Might reveals that although 1-A has more experience, 1-B has actually improved a lot more, due to them staying out of trouble and steadily improving their skills. Soon after the first match begins, the Class A Team is quickly ambushed by Class B, only for Shinsō to turn the tide with his Brainwashing Quirk, now more advanced with his Persona Cords, allowing him to mimic any voice. 924"Make It Happen, Shinsō!"Transcription: "Soreike Shinsō-kun!" However, Tenya reports that Tsuyu also eliminated Kosei from the match. For their part, both Aizawa and Midoriya awares that Shinsō is still quite inexperienced in battle. Improvising a new plan explained by Tsuyu, Kaminari allows himself to be captured which serves their team as the distraction of the Class B Team in order for the threat of Shinsō's Quirk to destroy their communication, and for Asui to deliver the finishing blows. Mineta comments that Shinsō turns out to be a more serious threat than originally believed, and Izuku points out that this is because Tsuyu and Denki were able to make use of Hitoshi's abilities and skills. Izuku is happy about Hitoshi's remarkable improvement. Shinsō, Asui and Kaminari lock Jurota, Ibara and Hiryū together with Kosei in their jail. As Class A celebrates their victory of the first match, Shinsō thinks about how far he still needs to go to become the hero he hopes to be. To his chagrin, Vlad King announces the victory of Class 1-A in the first round. 935"Operation New Improv Moves"Transcription: "Shin Waza Sokkyō Operēshon" (Japanese: 新技即興オペレーション)Shinji SatōTsuyoshi TobitaYōsuke KurodaApril 24, 2021 (2021-04-24)June 6, 20213.6[16] Mr. Aizawa asks his team to comment on what they learned or need to improve on. Denki is happily jumping in the air lamenting about how good he was. Tsuyu wishes Koji and Eijiro weren't captured so early to preserve their coordination. Hitoshi is frustrated about his inexperience using the Binding Cloth fighting style. After a short break following Match 1, Match 2 begins with Dark Shadow quickly possessed by Kuroiro. During his internship, Tokoyami was frustrated by Hawks using him just for information, so Tokoyami strove to prove himself as someone to be taken seriously during the work studies. Despite having no interest in training the next generation, Hawks knew all long that Tokoyami just needed a push to embrace his full potential. Having created a new move under Hawks' wing, Tokoyami takes to the skies as Class A begins their counterattack just as Kendo predicted. Unknown to Momo and Toru, Shihai took shelter nearby by phasing into the body of a black mushroom. He laughs and thinks back to the details of Tsuka's plan, where Kuroiro was used due to Dark Shadow being a Quirk with low risks and high rewards in combat, and capitalizing on the fact that the other team isn't aware of Shihai's new ability to control dark objects. Due to Yuga's Navel Laser being a direct counter to Shihai's Quirk, Plan B was developed using Kinoko's Quirk. Kuroiro decides to retreat as Plan B starts to take effect. Fueled by a desire to surpass Yaoyorozu, Kendo engages her solo. Yaoyorozu manages to launch a bag of support items across Field Gamma to her team. With the aid of thermal goggles, Tokoyami launches an attack on the hidden Class B Team, capturing them. In a desperate move, Komori unleashes the spores inhaled by Tokoyami, incapacitating him. With an unconscious Kendo captures Hagakure. Despite Class B winning Match 2, Kendo feels the victory is unearned, having failed to surpass Yaoyorozu. Shoto hopes that Momo doesn't get discouraged from her loss like her battle in the sports festival. Izuku and All Might, despite their loss, commend their team for their improvements over the school year. 957"Match 3"Transcription: "Dai San Shiai" (Japanese: 第3試合)Shinji IshihiraKurō SatōYōsuke KurodaMay 8, 2021 (2021-05-08)June 20, 20214.2[18] While the combatants recover, the combat zone is moved to another section of Field Gamma due to all the damage from Class B. In a quieter corner, All Might asks Izuku if he felt something strange with One For All again, to which he replies that he hasn't. All Might comments that his master Nana had never mentioned to him that the Quirk could be activated spontaneously, so he has thought about calling Gran Torino to ask if he knows anything about it. All Might wonders about the previous holders as Midoriya and Bakugo discuss what happened in the One For All dream. As Match 3 begins, Tokoyami approaches Todoroki and reminds him that they represent their mentors, the top two heroes. Elsewhere after stopping a wheeled villain, Endeavor impatiently awaits a response from Todoroki, having offered to teach him his signature move in the way a father should. The Class A Team's strategy is quickly dismantled by Class B's Honenuki, with Tetsutetsu focused on taking Todoroki out while disobeying Vlad King's orders to keep the damage to a minimum. As Juzo traps Tenya and leaves to go help Tetsutetsu, Iida claims that it was foolish for him to consider that he still has such time limit to use his Engine Quirk since the last time he saw it and unleashes Recipro Turbo, a new move derived from a training method passed down from his brother Tensei. He breaks free from ice and heads towards the shocked Juzo. 968"Match 3 Conclusion"Transcription: "Dai San Shiai Ketchaku" (Japanese: 第3試合決着)Tomo ŌkuboTomo ŌkuboYōsuke KurodaMay 15, 2021 (2021-05-15)June 27, 20213.6[19] Tenya proclaims that raising the horsepower of his new ability and lowering the fuel consumption to the minimum he is now unstoppable in terms of speed for ten minutes. However, he has a hard time controlling his movements. Juzo, realizing he's no match for Tenya, sinks into the slushed ice and swims through the mud underneath. Tenya stops and notices the ice is solidifying again. As the endurance match between Todoroki and Tetsutetsu rages on, both combatants begin suffering fatigue, leaving Todoroki no choice but to attempt his father's signature move. Honenuki and Iida interfere, resulting in the four combatants getting knocked out in the chaos. Pony rushes in and uses her horns to pick up Shoto, Juzo, and Tetsutetsu, and carries herself and the students into the air. Shoji can't reach them. With the time-limit reached and most of the combatants either imprisoned or incapacitated, Match 3 is a draw. Denki and Eijiro whine about how unsatisfying the outcome is, though Jurota reminds them that running away and seeking help is not the way forward. In Recovery Girl's office, Todoroki and Iida reflect on what they need to improve, with Honenuki excitedly hoping for a rematch someday. On Class 1-B's side, everyone worried about how well-balanced their opponent's team is. Due to this, they decide to rush the opposing team as quickly as possible. Creating a plan targeting Bakugo's selfish traits, the Class B Team quickly works to overwhelm Class A, only to be driven back by their perfect teamwork. Bakugo will always seek a perfect victory and that includes not letting a single member of his team fall. In the end, Match 4 finishes in 5 minutes with a victory for Class A. Eraser Head commends his team for their support skills, Quirk capturing time, and keeping collateral damage to a minimum. Vlad King tells his team that their plan was great, but it needed to be more flexible, like Juzo's was. A Deafened Setsuna apologizes for letting her team down, but Togaru tells everyone to get their chins up. Afterwards, Bakugo awkwardly shrugs off Midoriya and All Might's compliments. As Match 5 nears, Monoma and Iida team begin discussing their strategy, with their main focus being to capture Monoma. The man explains that the core of One For All has grown so large, the Quirks of the previous holders are manifesting within Midoriya. Regaining consciousness, Midoriya and Uraraka go on the defense as Match 5 turns into an all out brawl. 991"Our Brawl!"Transcription: "Bokura no Dai Ransen" (Japanese: 僕らの大乱戦)Takashi KawabataKurō SatōYōsuke KurodaJune 5, 2021 (2021-06-05)July 18, 20213.8[22] Despite the danger of Blackwhip's rampage, Aizawa allows the match continue for the sake of the combatants' ambitions. Copying One For All, Monoma attempts to attack Uraraka, only for the Quirk to oddly do nothing. Shinsō intervenes, unintentionally giving Midoriya a way to engage him. The two begin their rematch, with Shinsō pulling two pipes down on Midoriya only to be countered by Blackwhip. Uraraka proceeds to drag the captured Monoma to their prison. She thinks to herself how it's already been five minutes, while he says outloud that he's extended his Quirk capacities to ten minutes. After dropping him off, she prepares to rush over to help Izuku but then she remembers his favor, which is to go and help Ashido and Mineta and leave Shinsō to him, as she agrees to trust in him. Together, Uraraka and the others defeat the remaining Class B team members, and Midoriya manages to pin Shinsō down. Midnight announces the conclusion of the match with Class 1-A winning 4-0, restating the results for each of the matches, resulting in Class 1-A being the overall winners which they applaud themselves for. Eraser Head talks to Izuku about what was going on with him, with Tokoyami, Kuroiro, and Kirishima also being intrigued. Trying to find the best way to explain it, Izuku stated them that he wasn't sure either, he was just overflowing with power and couldn't control it but thanks to Uraraka and Shinsō for saving him, he also telling Shinsō that it wasn't a bluff. Despite his defeat and being unable to show his growth to Midoriya, Shinsō can't help but smile in amazement about Class A and B. Later at night, Midoriya and Bakugo spar in Gym Gamma in hope of getting Blackwhip to manifest, while All Might yells at Bakugo to stop as their plan was to make sure it doesn't go wild again. Midoriya acknowledges that since he refused to use the Quirk until he's better mastered One For All, it won't manifest until then. Bakugo leaves Midoriya deep in thought after pointing out how One For All has become quite similar to All For One. The students of Class 1-A and 1-B hanging out in Heights Alliance after the Joint Training session. The next day, Aizawa brings Monoma to the dorm in hope of him being able to help Eri train by copying her Quirk. Monoma is unable to do so as his Quirk doesn't work well with those that require energy to activate. With encouraging words from Midoriya, Eri still intends to master her Quirk, with the feeling mutual for Midoriya. Having finally earned their Hero Licenses, Bakugo and Todoroki take to the snowy streets and defeat a gang of thieves. Visualizing unlocking One For All, Midoriya is able to properly manifest a little of Blackwhip for just a second. While Izuku is happy about this development, everyone else is completely dumbfounded. Meanwhile, Principal Nezu visits All Might who begins researching in what he can on One For All's previous holders. He informs All Might that the Hero Public Safety Commission will be restarting the Hero Work-Studies soon, much to All Might's surprise. As winter vacation begins, Class 1-A, plus Eri, celebrates their first Christmas together. They end with a gift exchange, putting their presents in a pile and each choosing one at random. Midoriya gets Uraraka's gift of sticky cut mocha, and she gets his gift of an All Might keychain. Eri gets Tokoyami's buster sword. The excitement causes Midoriya to think about how even though their future is uncertain, he hopes they can all have this much fun next Christmas. With the work studies program returning, Midoriya and Bakugo have nowhere to go to, with Nighteye Agency was too busy and Best Jeanist is missing. Meanwhile, Hawks appears at a mansion where he is approached by Slidin' Go, who attempts to lure Hawks for going off on his own, but then a mysterious man with a laptop berates Slidin' Go for trying to act superior; as thanks to Hawks' status and connections, he has far more useful information for them to use. Endeavor meets his new interns in the city and has to cut the talk short to stop an attempted attack by a doomsday theory-spouting villain. The three students follows him in attempt to aid the No. 1 Pro Hero. As Midoriya and Bakugo were about to attack the thugs, Hawks suddenly arrives and disposes of them. After helping to defeat the villain and his minions, Hawks strangely hands a copy of Destro's "Meta Liberation War" to Endeavor and recommends the book's highlighted passages. Noticing the way Hawks is acting, Endeavor immediately realizes something is wrong. While the interns are welcomed to Endeavor's agency by his sidekicks, the Hero returns to

Accepting Midoriya and Bakugo as his students, Endeavor first seeks to understand what each has to work on. Midoriya hopes to master all of his other Quirks, and Bakugo desires to know what he is missing besides strength. Todoroki interjects, intending to learn everything he can from Endeavor, to become someone like All Might. Endeavor sets a goal for his interns, to defeat a villain before he can by the work studies' end. Thinking of Tokoyami and the other young heroes of the next generation, Hawks sets his own goal: The villains will not succeed, and hopefully everyone will still be smiling by spring. Endeavor talks about how everyone uses parallel processing subconsciously, using the example of a driver who through practice was able to do everything without thinking. He tells Midoriya that first he needs to learn how to do two things at once without thinking, and once he succeeds, to throw in another thing. He concludes telling them to learned everything in school and apply it to real experience, stating that they practice and fail as much as they want, as it won't have any effect on his work. Todoroki says he can't forgive Endeavor so easily for what he did to their mother and is unsure of how to feel. Bakugo barges his way in, yelling at them not to talk about sensitive subjects in front of guests, which led Midoriya to apologize and tell her they knew about everything already. Midoriya tells Todoroki that he believes he's getting ready to forgive Endeavor, that it's fine to not be able to forgive him if he wants. This new clue is sent to Hawks. He is at that moment teaching Twice the ideology of the Meta Liberation Army. As he heads out to get a drink, he gleefully thinks about how the pieces are falling into place. Elsewhere, All For One's doctor laughs manically as Shigaraki's process of becoming his ultimate masterpiece is progressing better than expected. 10820"Mr Villain Academia"Transcription: "Boku no Viran Akademia" (Japanese: 僕のヴィランアカデミア)Kō Matsuokurō Satō,Takanori YanoYōsuke KurodaAugust 21, 2021 (2021-08-21)September 19, 20214.3[31] Two months earlier, Gigantomachia appears before the League of Villains, declaring Shigaraki unworthy of being All For One's successor. During the attack, the League is teleported to the lab of All For One's assistant, Dr. Ujiko. The Doctor intends to help Shigaraki in his goal of destroying everything that irritates him, but before Shigaraki can be granted power, he must defeat Gigantomachia. The League returns to Gigantomachia and continuing their battle, while Dr. Ujiko asks Dabi to help him test out a High-End Nomu even though he's still less than interested. A month and a half later, the League of Villains have made no progress in defeating Gigantomachia, but Shigaraki's strength and skill has been increasing. Intending to talk to Giran, Twice is alarmed to find out that the League's broker has been captured and tortured by Re-Destro, leader of the Meta Liberation Army. Twice angrily asks what happened to Giran, who he says is still alive, currently tied up next to him. He declares the Liberation Army's objective to liberate meta powers and rebuild the world where people can freely use their abilities. Re-Destro invites the League of Villains to Deika City to face an ultimatum. Spinner questioning on how to deal with their supposed 110,000 army, with Tomura revealing that he knows Gigantomachia isn't invincible, and since he will come after him no matter where he is, he'll lure the beast to the Liberation Army and let them fight each other which will finally wear him out. Shigaraki accepts, smiling at the prospect of Gigantomachia crushing his challengers' forces. 10921"Revival Party"Transcription: "Sairin-sai" (Japanese: 再臨祭)Takashi KawabataMasatoyo TakadaYōsuke KurodaAugust 28, 2021 (2021-08-28)September 26, 20214.6[32] Among the chaos after superpowers first appeared in the world, a popular ideology started to spread among the metahumans: the freedom to use their meta abilities rather than suppress them. A man named Destro brought many people who followed this ideology together and formed the Meta Liberation Army. After a couple of years, the group were defeated by the government, with most of the members being arrested and the Army dissolved. While in prison, Destro wrote the Meta Liberation War book, before committing suicide. Back in the present, Deika City's welcoming party for the League quickly turns into an ambush, causing everyone to get separated. Toya is soon surrounded by Curious and her supporters. Intending to understand why Toya is the way she is, including why she attacked and drank the blood of a classmate in middle school, Curious overwhelms Toya with her explosive arsenal. Toya doesn't know what a normal life is, just that she wants to be the people she loves. Due to her near death state, Toya's Quirk evolves, unintentionally allowing her to use Uraraka's Zero Gravity, dropping Curious and her supporters from the sky. Elsewhere, Shigaraki demonstrates his evolved Quirk as well, killing those beyond who he has touched. While Dabi begins his battle with the ice user Geten, Twice finds an unconscious Toya only to be surrounded by Skeptic's puppets that were modified to look like an unmasked Twice. 11022"Sad Man's Parade"Transcription: "Saddo Manzu Parēdo" (Japanese: サッドマンズパレード)Shōji IkenoShōji IkenoYōsuke KurodaSeptember 4, 2021 (2021-09-04)October 3, 20214.5[33] Captured, Twice can do nothing as Skeptic's puppets attempt to snap Toya's neck. In the tower, Giran is surprised to learn that Twice is there, as Re-Destro and Skeptic explain that they are taking advantage of his psychological trauma in order to break him. Jin thinks back to his past, recalling a moment when he was sixteen where he accidentally ran over a man with his motorcycle, resulting in them getting a broken arm. He was alone due to his parents dying when he was in middle school, and never being close to any of his relatives. The only ones he could talk to were his Doubles, who comforted him on his natural bad luck, while he just wanted to be with someone he could trust and who trusted him. He decided to indulge, creating more doubles of himself, having fun committing all sorts of crimes, until it reached his biggest mistake, when his doubles turned on him leaving him alone once again, unable to trust himself. Faced with the pain of his arms being broken, Twice finally realizes that he is not a double and unleashes thousands of doubles of himself. Determined to not let his friends die, the Twice doubles swarm for All For One. Doctor Ujiko asks All For One about Tenko's lost memories, with the latter staying they still remain within him, and that he's become unstable with them locked away, even Decay being held back from its true power. All For One states that he will become the next "Symbol of Fear" that has taken its first big step forward. In the aftermath of killing the two hoodlums in two tries, Tenko thinks about how he feels both sick, and at peace. Thus, Tenko was slowly groomed into a villain name that he is currently: Tomura Shigaraki, taken from a Japanese word meaning "to mourn" and All For One's last name. Back in the present, consumed with a sense of freedom, Shigaraki unleashes the full power of his Quirk, turning Deika City into nothing but a crater. Believing that Shigaraki is the embodiment of Destro's ideology, Re-Destro declares that he and the Meta Liberation Army will follow him. At the same time, Gigantomachia acknowledges Shigaraki as All For One's successor. Over the next week, the Liberation Army's influence makes quick work to cover up the truth of what happened at Deika City. In their newly constructed mansion headquarters, the League of Villains and the Meta Liberation Army merge forces into the Paranormal Liberation Front as its lieutenants are announced before Gigantomachia and the assembled members including an undercover Hawks. Due to the injuries he sustained, Re-Destro's damaged legs were amputated and he now moves around in a high-tech chair. Pleased with what he has seen, Dr. Ujiko offers a recovering Shigaraki's power. 11325"The High, Deep Blue Sky"Transcription: "Sora, Takaku Gunjō" (Japanese: 空、高く群青)Kō MatsuōTsuoyoshi TobitaYōsuke KurodaSeptember 25, 2021 (2021-09-25)November 7, 20213.9[36] Hawks, undercover within the Paranormal Liberation Front, has put all the pieces together except for one: Shigaraki's sponsor Dr. Ujiko. Meanwhile, Tomura meets Ujiko who talks with his Quirk had evolved in the fight, allowing him to Decay not just what he touches, but what's connected to it. Ujiko begins performing the experiments necessary to give Shigaraki's power that will let him surpass All For One and obtain One For All. Back in the present, Class 1-A shows off the new abilities and skills that they learned in their work studies. After the showcase, Midoriya goes to see Uraraka and tell her that he was able to control the Blackwhip successfully. He thanked her again for what she did when it first emerged. Uraraka laughs it off, adding that the incident was what inspired her to add ropes to her arsenal, and even if she can't use it like Hanta's Tape, she feels like they both have improved, as the two happily fist bump. In the teacher's dorms, Eraser Head and Present Mic recover after the Oboro Shirakumo revelation. They're then approached by Mirio and Tamaki, who informs Eraser Head that Eri's horn has started to act up again and he used his Quirk to calm her down. Then, All Might meets Midoriya and Bakugo in the conference room and reminds about the Quirks of One For All's previous holders and how the Quirk passed from individual to individual. That night, the Class 1-A throws a party celebrating the beginning of the third term and Midoriya thinks back to how much his life has changed, and how blessed he feels. Three months later, all hero course students are summoned for a joint operation with the pro heroes. Unbeknownst to them all, the war with the Paranormal Liberation Front is about to begin and hero society will never be the same.
